

WEEKLY UPDATE

1/14/2021

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. We currently have 1 confirmed case of COVID-19 in our facility. We have had a total of 9 residents test positive and all but 1 have recovered. We have had 15 staff members test positive and 13 have recovered. We will continue twice a week testing of all patients and employees with the next scheduled day being 1/18/21

We held a Covid vaccine clinic on Tuesday for our residents and staff. The final clinic is scheduled for February 2, 2021.

Our residents continue to enjoy communal dining and family visits are still suspended at this time, we will let you know when that changes.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 702-251-2200.

Sincerely,

Tanella Valenzuela
